About Kharupetia college

Kharupetia College is one of the premier institutions of higher education in Darrang District established in the year 1981. It is situated in a sprawling green campus of 22.26 acre of land in an agro-based rural area. Since its inception, the institution has continued its efforts to provide quality higher education to the learners of this socially and economically backward region. The college was taken over by the Govt. of Assam under deficit system of grants-in-aid w.e.f. 25/03/98. It was provincialized by the Govt. of Assam w.e.f. 01/12/2005 vide Govt. notification No. LPG. 112/2005/158 dated the 19th December, 2005. The college holds recognition under section 2 (f) and 12(B) of the UGC Act, 1956 in 2009. Affiliated to Gauhati University, the college was assessed by NAAC for 3rd cycle. At present, the college offers 18 undergraduate programmes and a Higher Secondary (10+2) programme (ARTS) for the students.

About Research and Publication Cell

The Research and Publication Cell of Kharupetia College, recently constituted, aims to foster a positive and vibrant research environment within the institution. The Cell seeks to encourage faculty members and students to engage in research, scholarly writing, seminars, conferences, and other academic activities. It is intended to facilitate the sharing of knowledge, promote interdisciplinary research, and gradually strengthen the culture of research and publication in the college.

About the Workshop

The workshop titled "Basics of Translation" offers an engaging introduction to the fundamental principles and practices of translation. It explores the nature and process of translation, essential techniques, and practical approaches to effective translation. The workshop provides participants with a platform to develop foundational translation skills and gain insights into the challenges and possibilities of translation in contemporary contexts.

Objectives:

- Introduce participants to the basic concepts, principles, and nature of translation.
- Familiarize participants with the translation process, stages, and procedures involved in producing effective translations.
- Develop an understanding of key translation techniques and strategies for dealing with linguistic and cultural differences.
- Enhance participants' ability to identify and address common challenges and difficulties encountered during translation.
